Echoes From Lehi

Lehi Happenings always Interest Our Readers.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Lehi resident leaves no room for doubt on this point.

N. E. Darling, Prop. Darling Hotel, Main St., Lehi Utah, says: "For years whenever I caught cold it settled in my kidneys. A severe backache followed, besides irregularity in the action of my kidneys and bladder. I was advised to try Doan's Kidney Pills and I did. They have always given me prompt relief, something every other kidney remedy failed to do. My opinion of Doan's Kidney Pills is just the same today as it was several years ago when I publicly endorsed them. Whenever I feel a little out of sorts, I take Doan's Kidney Pills, knowing that they will cure me."

GOOD SUGGESTION TO LEHI PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Lehi agents for Adler-i-ka. H. B. Merrihew, druggist.

Whatever you do never set yourself up for a critic. We don't mean a newspaper critic, but in private life, in the domestic circle, in society, it will do you no good and it will do you harm, if you mind being called disagreeable. If you don't like anyone's nose, or if any one's manners don't suit you, remember your own. People are not all created to suit one's taste. Take things as you find them unless you can alter them. Even a dinner after it is swallowed can't be made any better. Continual fault finding, continual criticism of the speech of this one or the conduct of that one; the dress of one or the opinion of the other, will make you as well as your home unhappy. If you are never pleased with anyone, no one will be pleased with you.

The Drinking Man's Boast

"I can quit any time I wish," is a frequent expression, but why don't the drinker make good his boast? Why don't he quit? When a man brags he can stop drinking whenever he wants to, he has usually reached the point where he cannot. He knows he cannot make good this boast—unsaid. He is in need of treatment—The Neal Treatment—which is a harmless vegetable remedy that will transform the terrible cravings for liquor into a positive abhorrence for anything alcoholic, in three days' time without the use of hypodermic injections. If you are drinking you should look into this. If you have a friend who needs help, we urge your investigation. Come in and talk it over, or write or telephone for book of information. A SANCTUM FAVORITE

"The Old Oaken Bucket" has long enjoyed supremacy as a pastoral classic, but the rural editor's heart will beat responsively to this little parody.
 How dear to my heart is the steady subscriber
 Who pays in advance at the birth of each year,
 Who lays down the money and does it quite gladly,
 And casts 'round the office a halo of cheer.
 He never says "stop it; I cannot

afford it;
 I'm getting more papers now than I can read."
 But always says "send it; our people all like it."
 In fact, we all think it a help and a need."
 How welcome his check when it reaches our sanctum.
 How it makes our pulse throb, how it makes our heart dance!
 We outwardly thank him, we inwardly bless him—
 The steady subscriber who pays in advance.
